Model check

Fitted on plate appearances before 2026-08-28, scored on the 32,276 that came after (actual HR rate 3.05%). **Read AUC first:** the slate ranks hitters and takes the top six, so ordering is what matters. Metrics are per plate appearance; the probabilities above are per game. The highlighted row is served. Every prior side by side is in the [Model Lab](#).

PRIOR	AUC	TOP-DECILE LIFT	BRIER	LOG LOSS
Flat league	0.5845	1.53×	0.02950	0.13547
